<u>Information:</u>			

2015 is a fast burning, single-base, extruded rifle powder. 2015 performs very well in small to medium varmint calibers (223 Rem, 204 Ruger). It is a popular choice for first-class performance in benchrest calibers and also recommended for use in large bore straight wall cartridges (45-70, 458 Win Mag). It also offers excellent ignition characteristics and shot-to-shot consistency.
